Description

BlueSpiceInsertCategory enables viewing and managing categories a page belongs to.

Usage / Features

Open the dialogue in the edit or the view mode and choose or create a new category.

Technical information

Configuration

Some aspects of this extension can be configured on [Special:BlueSpiceConfigManager](#), under section "Insert category". Here wiki administrators can configure:

- Whether to set page categories as default in upload dialog.
- Whether to insert category with its parents.

Rights (permissions)

This extension does not require any special rights. Users must have "edit" permission to be able to insert a category.

Requirements

InsertCategory requires [BlueSpiceFoundation](#).

User manual
