

Setup:Release History

Since 2010 there have been 19 releases of BlueSpice. BlueSpice replaced the product HalloWiki at that time. BlueSpice was initially a collection of extensions that could be extended by individual software packages. In 2015, all existing extensions and individual modules were combined in one distribution.^[1] Delivering BlueSpice together with MediaWiki was the next logical step.

Major release	Version	Date of issue	Files	Notable changes
BlueSpice 3	3.0	2018-10-17	Description , Release Notes	Major Release.
