BlueSpiceInsertMagic

**InsertMagic** provides a dialog for inserting Magic Words in VisualEditor.

### Usage / features

You can open the dialog box in visual and source editing modes from the editing toolbar. A selection of tags and magic words is offered. After inserting a tag on the page, further parameters can be set.

### Technical information

#### Configuration

This extension offers no configurations.
Rights (permissions)

This extension does not require any special rights. Users must have edit permissions to insert magic words.

Requirements

InsertMagic requires BlueSpiceFoundation.
