### Viewing the page information

The lists of meta information about a page are displayed in the page information flyout of the quality management tools.

The following information is available:

- Time of the last edit
- Last editor
- Number of views
- The categories the page belongs to. These can be edited directly from here.
- Templates used on the page
- Subpages of a page (visible only when the page actually has subpages)

### Configuration

In Config manager, you can change the update frequency for this information. Here, you choose Extension from the select menu and then BlueSpiceArticleInfo.
