What is RSSStandards?

RSSStandards builds RSS feeds based on different options.

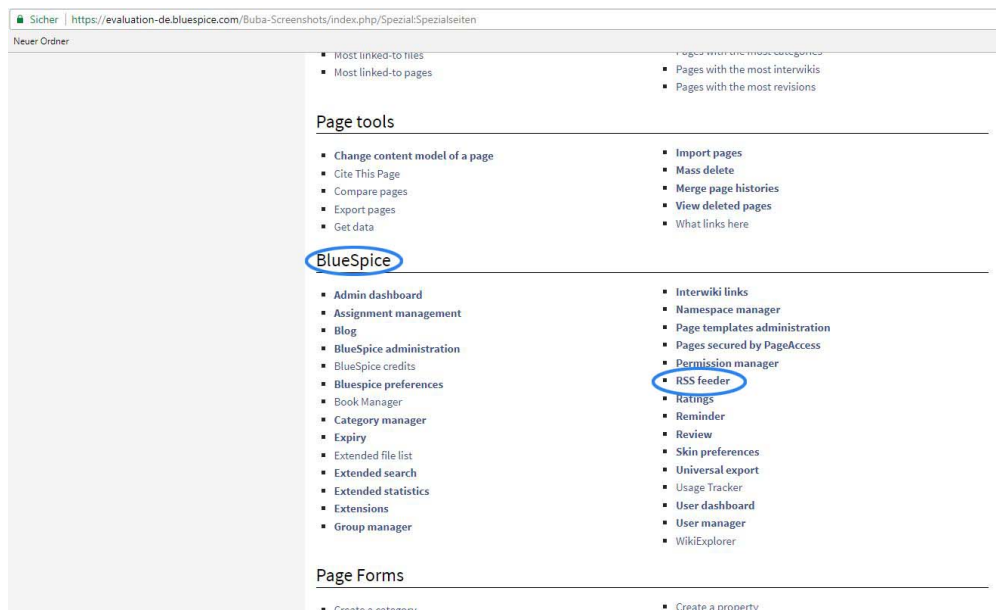

Where to find RSSStandards?

Go to special pages:

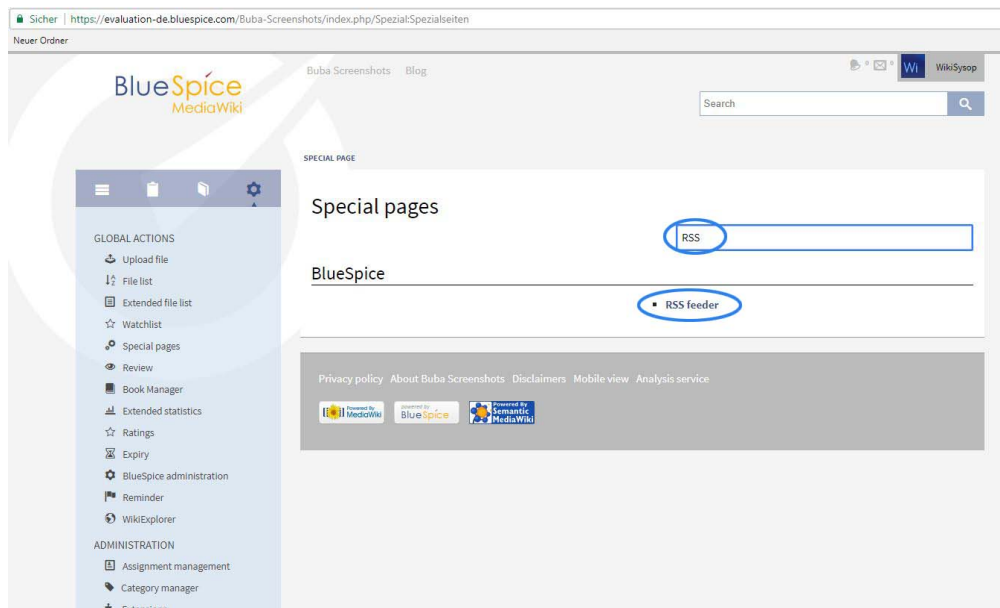

Under the item "BlueSpice" you will find the special page "RSSFeeder"

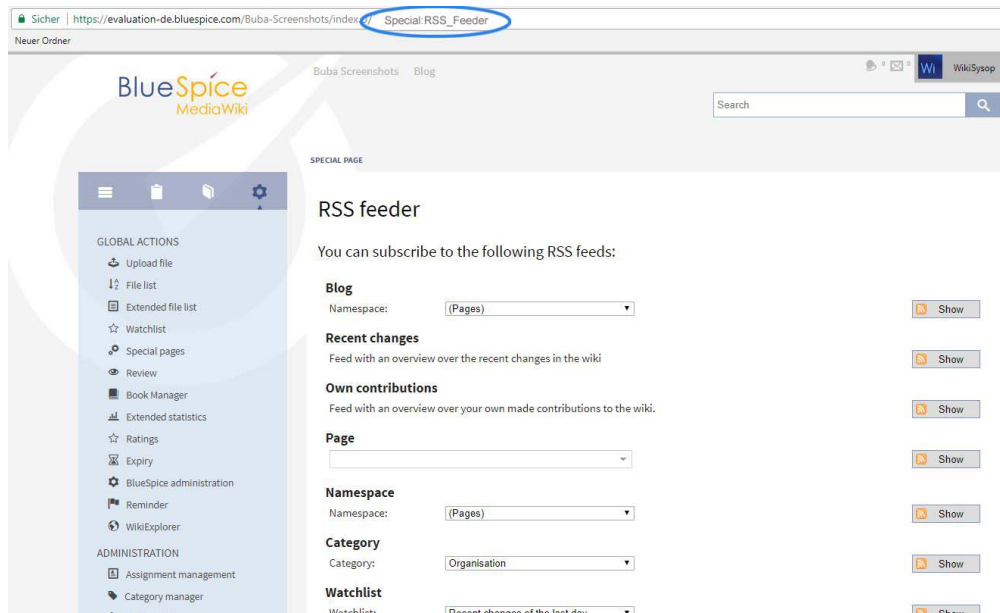

Or here:

It's also possible to use `Special:Special` pages in the URL of the browser. Under the item "BlueSpice" you will find the special page "RSSFeeder".

Or alternatively you can type `Special:RSS_Feeder` into the browser bar.
