The image is a screenshot of a web form titled "Media settings". At the top, there are three buttons: "Back" on the left, "Media settings" in the center, and "Save" on the right. Below these buttons is a large rectangular area containing the text "Content cell" and a downward-pointing arrow. A thick blue horizontal bar separates this header from the main form content. The form is organized into sections. The first section is titled "Details". Under this title, there is a sub-section "Target namespace" with a dropdown menu currently showing "(Main)". Below that is a sub-section "Name" with a text input field containing "content cell" and an asterisk icon to its right. A descriptive paragraph follows: "A unique descriptive title for the file, which will serve as a filename. You may use plain language with spaces. Do not include the file extension." The next section is titled "Description" and contains a large, empty text area. Below the text area is another descriptive paragraph: "Briefly describe everything notable about the work. For a photo, mention the main things that are depicted, the occasion, or the place." The final section is titled "Categories" and features a text input field containing the letters "Ac". A vertical scrollbar is visible on the right side of the form.
