

Main Page

Welcome to BlueSpice Wiki!

The central information platform for users, admins, developers and our community.

Users

BlueSpice is a comfortable and easy to learn software to manage your (company) knowledge. We provide a lot of tools for editors, authors and readers.

First steps

- Creating content
- Organizing content
- Quality assurance
- User manual

Admins & Developers

Important! LDAP users:
Microsoft patch for a security vulnerability in Active Directory

BlueSpice has a lot of options to create and optimize your wiki. For example you can manage your wiki with our role based permission management.
