## Line 3:

The interface for the Group manager is provided by the extension `""GroupManager""`. It allows adding, renaming and deleting groups.

==Functionality==

An administrator can go to **"Global actions > Management > Group manager"**. This opens the page `"Special:GroupManager"`.

The group manager has the following features:

""Viewing groups:"" All existing groups in the wiki are listed.

""Creating new groups:"" Clicking on the "plus" button opens a dialog for adding a new group.

## Line 11:

""Deleting a group:"" A group can be deleted by selecting it and then clicking the "x" button. System groups cannot be deleted.
