2.2	Direct action by users	4

Terms of use

Changing the link targets

The link target of the terms of use is stored in system messages and can be changed by administrators if necessary.

The screenshot shows a login interface. At the top, a yellow box contains the text: "To continue, please accept the following terms". Below this, there are two checkboxes. The first checkbox is followed by the text "I accept the [privacy policy](#) of this site". The second checkbox is followed by the text "I accept the [terms of service](#) of this site". Below these checkboxes is a blue button labeled "Continue login". At the bottom of the form, the text "Terms of service" is visible.

Link	Link target	Standard target page	System message (standard)	System message (cloud)
privacy policy	MediaWiki: Privacypage	Project: Privacy policy	"privacypage": "Project: Privacy policy"	"bs-cloudclient-privacypolicypage": "Project: PrivacyPolicy"
terms of service	MediaWiki: Termsofservicepage	Project: Terms of service	"termsofservicepage": "Project: Terms_of_service"	"bs-cloudclient-termsofservicepage": "Special: TermsOfService"

Account deletion or anonymization

Request to administrators

When a request for anonymization or account deletion is made, users in the sysop group will receive an email notification. The action can then be carried out using the corresponding icons at the end of the request:

- Grant request (click green tick)
- Reject request (click on red crossed out circle)

Privacy admin

Request to administrators

Direct action by users

The wiki can be configured so that users can perform these actions immediately without approval from an administrator first (not possible in BlueSpice Cloud). Requesting actions applies to:

- anonymization
- account deletion

Immediate action can be configured as `$ bsgPrivacyEnableRequests = false;` be activated in *LocalSettings.php*.
