### Technical Information

This information applies to BlueSpice 4. Technical details for BlueSpice Cloud can differ in some cases.

### Requirements

### Integrates into

### Special pages

**BlueSpiceCalumma** is the responsive skin for BlueSpice 3. There is a user setting for the navigation panel (left panel) and the page tools panel (right panel) to switch the toggle behavior.

The value can be set as default value by an administrator and on the user level through the special page `Special:Preferences` . BlueSpiceCalumma is based on Bootstrap and the Wikimedia [Chameleon skin](#).
