| Overview            |                                                                |                    |                              |
|---------------------|----------------------------------------------------------------|--------------------|------------------------------|
| <b>Description:</b> | Makes MediaWiki enterprise ready                               |                    |                              |
| <b>State:</b>       | stable                                                         | <b>Dependency:</b> | BlueSpice                    |
| <b>Developer:</b>   | HalloWelt                                                      | <b>License:</b>    | <a href="#">GPL-3.0-only</a> |
| <b>Type:</b>        | BlueSpice                                                      | <b>Category:</b>   | Infrastructure               |
| <b>Edition:</b>     | BlueSpice pro, BlueSpice free, BlueSpice Farm, BlueSpice Cloud | <b>Version:</b>    | 4.1+                         |

### Features

The extension **BlueSpiceFoundation** is the interface between BlueSpice and Mediawiki. It provides basic functions for the individual BlueSpice extensions.

If you install any BlueSpice extension in a MediaWiki environment - that is outside of BlueSpice free or BlueSpice pro - the reference information for the extension will indicate if it requires BlueSpiceFoundation.

### Technical Information

This information applies to BlueSpice 4. Technical details for BlueSpice Cloud can differ in some cases.

### Requirements

MediaWiki: 1.39.0

ExtJSBase: 1.31

- OOJSPlus: 0.2

## Integrates into

- BlueSpicePrivacy

## Special pages

- SpecialCredits
- WikiAdmin

## Configuration

| Name                | Value                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
