<b>Type:</b>	BlueSpice	<b>Category:</b>	Editor
<b>Edition:</b>	BlueSpice free, BlueSpice pro, BlueSpice farm, BlueSpice cloud	<b>Version:</b>	4.1+

### Features

---

**InsertCategory** allows to add categories to a page in view mode or in visual edit mode.

This extension is in use in the page information flyout, in the **title section** and in the **multi-upload** dialog.

Some aspects of this extension can be configured on Special:BlueSpiceConfigManager, under section "Insert category". Here wiki administrators can configure:

- whether to set the page categories as default in the file upload dialog
- whether to insert a category with its parent category

### Technical Information

---

This information applies to BlueSpice 4. Technical details for BlueSpice cloud can differ in some cases.
