### Features

The extension **Privacy** allows users to maintain their privacy and enables site maintainers to comply with the GDPR.

Users can:

Request anonymization: The requests are directed to a site administrator for approval. If approved, the user is anonymized by the system.

Request removal: The requests are directed to a site administrator for approval. If approved, the user is deleted from the system with all their data.

Retrieve all data stored about them in the system.

Give and revoke consent to the privacy policy.

It allows site administrators to:

Manage anonymisation and deletion requests.

Get an overview of the privacy policy and cookie consent of all users.
