{{DISPLAYTITLE:Introduction to BlueSpice Social}}
```

'''BlueSpiceSocial''' is a set of extensions that add social features around a wiki page. It allows users to quickly communicate on the wiki and to express their opinion on pages.

```
==Scope==
```

BlueSpice Social contains the following functionality:

'''User profile:''' Provides the page "User:<username>".

'''Attachments:''' Connects uploaded files to wiki pages.

'''Discussions:''' Enables discussions with comments created on wiki pages. Discussion entries can be marked as "closed".

'''Activities:''' Automatically creates pages in the "SocialEntity" namespace to track page edits and creations.

'''Blog:''' Provides the special page "Special:Blog". A blog view can also be embedded into individual wiki pages.

'''Microblog:''' Similar to blog entries, but without a headline.

'''Timeline:''' A chronological list of all social entities. The timeline filter can be used for displaying social entities on wiki pages.

```
<section end="training-slides" /><section end="training-maintainer" />
```

```
==User profile==
```

Every user has a profile that is displayed on the page "User:<username>". Users can access their user profile by clicking on "Profile" in the user menu (located in the [[Manual:Extension/BlueSpiceDiscovery|header bar]]).

The user profile shows the user's basic information (depending on the wiki setup) and the user's profile image.

```

        "suggested": true
    }
},
    "description": "SMW list",
    "format": "inline",
    "paramOrder": [
        "smwarg",
        "smwcols",
        "smwstyle",
        "smwimg"
    ]
}
</templatedata>
</noinclude>

```

Below the user info, the user's wiki activities are listed: Comments the user made, actions on pages, and in general the user's activity on the wiki. It also allows other users to leave comments on the user's profile page. [[File:Profile1a-en.png|thumb|User profile|alt=User profile|center|650x650px]]

==Discussions==

BlueSpiceSocial integrates a discussion section at the bottom of every wiki page. This section allows users to create comments directly on a wiki page. If it is the first entry in a discussion, the discussion page is automatically created at this time if this is configured in the [[Manual:Extension/BlueSpiceConfigManager|Configuration manager]].

The discussion section can be disabled on the page-level by adding the [[Manual:MagicWords|MagicWord]] "<nowiki>_NODISCUSSION_</nowiki>" to the page in source editing mode.

==Timeline==

[[File:Timeline1a-en.png|thumb|alt=Timeline|center|650x650px|Timeline]]

Timeline is a special page that provides an overview of all social conversations on the wiki.

By default, it is listed on the "Main navigation". You can also access the page directly at <code>Special:Timeline</code>.

On this page, users can sort and filter existing social entries or create new entries.

===Creating new entries===

To create a new entry, click on the "Plus" icon to add a new timeline entry:

Blog entry: [[#Blog|Blog]] is used for topics to be shared with other users on the wiki

Microblog: Like a blog entry, but without titles. It should be used for a short entry, e.g., a quick announcement.

Discussion topic: Adds a discussion entry to a particular wiki page.

===Interacting with social entities===

Every entry in the timeline is called a social entity. Depending on the type of social entity, the following interaction options exist:

*¹¹¹Comments: Number of comments related to the entity. Clicking on "Comments" opens all current comments and allows users to add a comment (if user has the necessary permissions).

*****Recommend:***** Number of users that recommended the entity. Users can add a recommendation by clicking on "Recommend".

***"Linked articles:"** Number of articles linked to this entity
Clicking on "Linked articles" shows the list of linked articles.

***Watch/Unwatched:** Shows if the user is currently watching the entity (the receives notifications when the entity is changed). Clicking on Watch or Unwatch changes the state of watching.

***"Resolved/Unresolved":** The status of the entity. Some entities, like discussions on a question can have a status attached to them, so that other users know if the question is answered.

==Blog==

[[Manual:Extension/Blog|Blog]] is a special page showing an overview of all blog entities available on the wiki. By default, it is listed on the "Main navigation." You can also access the page directly at `<code>Special:Blog</code>`.

Users can sort and filter the list entries by clicking on the icons above the list.

Learn how to [[Manual:Extension BlueSpiceSocialBlog|include the blog on any wiki page]].

==Permissions==

From BlueSpice version 3.2.7 the following roles have associated "social" permissions. Earlier versions have no option to limit the creation and editing of blog entries by using the role "commenter."

Scope

BlueSpice Social contains the following functionality:

- **User profile:** Provides the page *User:<username>*.
- **Attachments:** Connects uploaded files to wiki pages.
- **Discussions:** Enables discussions with comments created on wiki pages. Discussion entries can be marked as "closed".
- **Activities:** Automatically creates pages in the *SocialEntity* namespace to track page edits and creations.
- **Blog:** Provides the special page *Special:Blog*. A blog view can also be embedded into individual wiki pages.
- **Microblog:** Similar to blog entries, but without a headline.
- **Timeline:** A chronological list of all social entities. The timeline filter can be used for displaying social entities on wiki pages.

User profile

Every user has a profile that is displayed on the page *User:<username>*. Users can access their user profile by clicking on *Profile* in the user menu (located in the [header bar](#)).

The user profile shows the user's basic information (depending on the wiki setup) and the user's profile image.

Below the user info, the user's wiki activities are listed: Comments the user made, actions on pages, and in general the user's activity on the wiki. It also allows other users to leave comments on the user's profile page.

The screenshot displays a user profile for Sarah Naumann. At the top, there is a profile picture of a smiling woman. To the right of the picture, a table lists her details: Name (Sarah Naumann), Department (IT), Function (Senior Operations Engineer), Location (Ulm), and Telephone (+49 73 4860-94). An 'Edit' link is visible in the top right corner of this section. Below the profile information, there are four circular icons: a list, a funnel, a plus sign, and a refresh symbol. The main content area shows a comment by Greg Rundlett about BlueSpice, followed by a comment by Sarah Naumann. Sarah's comment includes a smaller version of her profile information table. At the bottom, a comment by Sarah Naumann is partially visible, mentioning 'Starker Kaffee'.

Name	Sarah Naumann
Department	IT
Function	Senior Operations Engineer
Location	Ulm
Telephone	+49 73 4860-94

Greg Rundlett über BlueSpice

Bei der EMWCon in Houston kam Greg Rundlett zu folgendem Ergebnis:BlueSpice is really the best option out there - I think globally - for MediaWiki Enterprise, MediaWiki hosting and support.

Die Pulvermenge steigt doch nicht linear mit der Wassermenge. Siehe zum Beispiel den

Discussions

BlueSpiceSocial integrates a discussion section at the bottom of every wiki page. This section allows users to create comments directly on a wiki page. If it is the first entry in a discussion, the discussion page is automatically created at this time if this is configured in the [Configuration manager](#).

The discussion section can be disabled on the page-level by adding the [MagicWord](#) `__NODISCUSSION__` to the page in source editing mode.

Timeline

The screenshot shows a 'Timeline' section with three entries. Each entry includes a user profile picture, a title, a comment text, and a 'Recommend' button with a flame icon and a count in parentheses. The first entry is by Horst Schreiber titled 'Greg Rundlett über BlueSpice' with a comment about a translation. The second entry is by Greg Rundlett titled 'Greg Rundlett über BlueSpice' with a comment about the EMWCon in Houston. The third entry is by Maik Kalb titled 'Starker Kaffee' with a comment about coffee. Each entry also has a 'More' link and a 'Comment' count.

Horst Schreiber commented "Greg Rundlett über BlueSpice"

Danke für den Hinweis! Eine Übersetzung wäre noch schön gewesen. Ich glaube auch nicht, dass jeder Leser schon versteht, was WebDAV bringt. Vielleicht kann man das noch etwas ausführlicher erklären?

Maik Kalb commented "Starker Kaffee"

Naja, 6g Kaffee pro Tasse sagt die Anleitung. Und linear mit den Tassen steigt dann schon die Pulvermenge. Übrigens: Wer den letzten Kaffee rauspresst, sollte gleich neuen kochen.

Timeline

Timeline is a special page that provides an overview of all social conversations on the wiki.

By default, it is listed on the *Main navigation*. You can also access the page directly at [Special: Timeline](#). On this page, users can sort and filter existing social entries or create new entries.

Creating new entries

To create a new entry, click on the "Plus" icon to add a new timeline entry:

- **Blog entry:** [Blog](#) is used for topics to be shared with other users on the wiki
- **Microblog:** Like a blog entry, but without titles. It should be used for a short entry, e.g., a quick announcement.
- **Discussion topic:** Adds a discussion entry to a particular wiki page.

Interacting with social entities

Every entry in the timeline is called a social entity. Depending on the type of social entity, the following interaction options exist:

- **Comments:** Number of comments related to the entity. Clicking on *Comments* opens all current comments and allows users to add a comment (if user has the necessary permissions).

- **Recommend:** Number of users that recommended the entity. Users can add a recommendation by clicking on *Recommend*.
- **Linked articles:** Number of articles linked to this entity. Clicking on *Linked articles* shows the list of linked articles.
- **Watch/Unwatched:** Shows if the user is currently watching the entity (the user receives notifications when the entity is changed). Clicking on Watch or Unwatch changes the state of watching.
- **Resolved/Unresolved:** The status of the entity. Some entities, like discussions on a question can have a status attached to them, so that other users know if the question is answered.

Blog

Blog is a special page showing an overview of all blog entities available on the wiki. By default, it is listed on the *Main navigation*. You can also access the page directly at `Special:Blog`. Users can sort and filter the list entries by clicking on the icons above the list.

Learn how to [include the blog on any wiki page](#).

Permissions

From BlueSpice version 3.2.7 the following roles have associated "social" permissions. Earlier versions have no option to limit the creation and editing of blog entries by using the role *commenter*.

Rechte/Rolle	commenter	editor	admin	maintenance-admin	Berechtigung
Create and edit blog entry		x	x	x	social-blog
Comment on blog entry	x	x	x	x	social-blog-comment
Create and edit microblog entry	x	x	x	x	social-microblog
Comment on microblog entry	x	x	x	x	social-microblog-comment
Create discussion entry	x	x	x	x	social-topics
Comment on discussion entry	x	x	x	x	social-topics-comment
Create and edit attachments	x	x	x	x	social-stash

The comments function for blog, microblog and discussion entries can be deactivated in the LocalSettings-file on the server.

Deactivating the comments feature

The comment function for comments on blog, microblog and discussion entries can be deactivated in the LocalSettings file on the server.

```
$bpgSocialCanHaveChildrenBlacklist = [  
    'blog', // disable comments on blog  
    'topic', // disable comments on discussion topics  
    'microblog' // disable comments on microblogs  
];
```
