Accessibility Statement for BlueSpice 4.1

Hallo Welt! GmbH is committed to improving digital accessibility for all. We are continually improving the user experience for everyone, and are focused on applying the relevant accessibility standards.

Conformance status

The Web Content Accessibility Guidelines (WCAG) defines requirements for designers and developers to improve web accessibility. It defines three levels of conformance: Level A, Level AA, and Level AAA. BlueSpice 4.1 is partially conformant with WCAG 2.1 level AA. Partially conformant means that some parts of the content do not fully conform to the accessibility standard.

We document our progress in our BlueSpice Voluntary Product Accessibility Report.

Feedback

We welcome your feedback on the accessibility of BlueSpice MediaWiki. Please let us know if you encounter accessibility barriers when using this helpdesk or any BlueSpice 4.1 installation.
