View user help page			

Features

BlueSpiceSmartList allows to insert a list of pages by using the following tags:

- `<bs:smartlist />` / `<recentchanges />` - display a list of pages that were edited in the last 90 days. It can be filtered by namespaces or categories.
  - Different modes are possible if the `<bs:smartlist />` tag is added in source edit mode.
- `<bs:newbies />` - display a list of recently registered users.
- `<bs:toplist />` - display a list of most visited pages.
